

New Order Process for All C-Models & Switch Boxes

Effective September 12, 2016, Corken will no longer accept orders for C-Model pumps combined with a switch box (e.g. model number C10FD2A SM-30 is no longer accepted). Going forward, the C-Model pumps and switch boxes must be ordered as separate line items. Each item will be entered as shown below.

- Line item one: C10FD2A
- Line item two: SM-30

Additionally, switch boxes will no longer ship within the same box as the C-Model pumps. All switch boxes will ship in a separate box. NOTE: There are two part numbers for switch boxes: S-30 (wall mounted) and SM-30 (motor mounted).

Benefits:

- Streamlines the sales process from order to shipment
- Improves on-time delivery
- Simplifies inventory requirements by eliminating excess
- Enhances ability to meet the customer's needs
